## THE FTZ FLATDECK

The FTZ flatdeck trailer is one of most versatile of Horizons units, available in lengths ranging from 20' to up to 40', and with a multitude of customization options. This unit is sure to meet your hauling requirements with tandem 7k, 8k, or 10k super single axles, a tradition 102" wide tandem, and a beautifully treated pine lumber floor, or a rugged Blackwood rubber infused lumber floor. Feel free to add value and functionality to your FTZ with an optional winch mounting plate, side-mount toolbox, and many more choices!

FTZs' main frame is made up of 12" I-Beam with a 2" x 5" square tubing outer deck frame and 3" C-Channel crossmembers. The main frame comes standard with tough, 14 lb./ft. steel, but it can be upgraded to 16 lb./ft., or 19 lb./ft. steel to perfectly complement your specific hauling opportunity. The gooseneck tongue is equipped standard with a 30k coupler, dual 12k jacks, and a full width toolbox with plenty of storage for chains and tools.

This units tail options include a 5' dovetail, facilitated by dual mountain ramps, or a straight deck with standard 8' channel slide-in ramps. Horizon maintains its commitment to quality and safety with DOT approved lights and decals, grade 70 safety chains, an electric breakaway system, and compliance with industry leading regulations and standards.

Available in durable powder coating in one of our 10 striking colors.

## ABOUT US

Since its inception, the team at Horizon Trailers has kept sight on our core values of Excellence, Respect, and Passion. We have seen exponential growth in the efficiency of our designs, in the quality of our product assurance, and in the smiles of satisfaction on our customers' faces. We continue to focus on providing the most value to our customers by building our products lighter, stronger, and with industry leading appeal. Our implementation of the latest technologies and automation processes empowers us to produce more efficiently, more accurately, and with far less waste. These technologies provide us with interdepartmental visibility of customer orders, parts and configurations, and manufacturing

details, allowing our Warranty and Service teams to expedite customer requests and solve them quickly.

When it's time to go to work, you can trust that your Horizon trailer will be there for you, getting the job done right. When the work is done, you may want to just take your trailer for a nice country drive, crank up the radio, show 'er off to your friends. When you look in those truck mirrors, we want you to see a trailer that you know will follow you anywhere, and never let you down. We're proud to serve our customers, and we're excited to see what's on the horizon! Remember, Every Detail Matters.
